Cut out on the dotted lines. DO NOT cut on the bold black line. Glue the back of the "My Five Senses" strip and stick it into your notebook! Lift each flap and draw a picture of something that you would use that sense to observe!

What's that Sound?

For this activity, I used a YouTube video that plays a variety of sounds for kids! I picked the sounds in advance and noted the time in the video. We went through each sound one at a time and played the sound, pausing it before the curtain revealed the picture. Students then drew a picture of what they thought was making the sound! Next I played the "reveal" portion of that sound and they drew a picture of what it really was! Click the iPod to the left to access the video created by Annie Sullivan. I have noted the times below for the sounds that I used with my kids!

	TIME	SOUND		TIME	SOUND
1	0:17	Train	6	12:02	Sneezing
2	3:41	Birds	7	12:34	Door
3	6:51	Monkeys	8	12:45	Scissors
4	9:48	Crying	9	14:41	Brushing Teeth
